“We haven’t known Jon Hoffman for very long, but we’ve worked for Chesapeake Realty Partners & War Horse Cities for quite some time now, originally with Jon’s predecessor and mentor, Jon Mayers. He, along with War Horse Cities sought us to design a new “Social Hall” for not only for the University of Maryland, but the entire College Park region and the adjacent Discovery District. This project, currently in construction, will serve as a new food, entertainment, and multi-programming venue just north of the now new WeWork building on the campus of UMD in which he was involved.

It’s been such a pleasure to work for CRP and once Jon M. handed the torch over to Jon H., we have had a fluid process to the implementation of The Hall-CP and we’re on the books to be working on a few new projects to come very soon!! Stay Tuned!

Jon H. works tirelessly on our project and among so many others with a great sense of guidance, get-it-done attitude, and organization, that not only allows us to do our job smoothly, but sets an assertive tone with the many team members on this project. We thank you for his patience and we look forward to the opening of The Hall-CP and to our next big project(s)! @thehallcp”
